

Search Engine Optimization Company, SEOGuru Launches Partnership Program

SEOGuru's new initiative to partner with web development, advertising, domain registration, website hosting, media planner companies and provide search engine marketing solutions.

([PRWEB](#)) November 18, 2005 -- SEOGuru Technologies [Website - www.searchengine-optimization-guru.com], a leading search engine optimization and web designing solutions provider, is pleased to announce the launch of its partnership program.

If you belong to any of the following industries:

1. Web Designing
2. Web Hosting
3. Web Development
4. Domain Registration
5. Web Analytics
6. Software Development
7. Advertising
8. Media Planning
9. IT Related

and are searching for a search engine optimization company to provide your clients with top 10 search engine rankings and better ROI of their marketing expenditures, SEOGuru is the company to partner with.

“Search engine marketing, be it natural search engine optimization or Pay Per Click (PPC) listing, is one of the most effective marketing tools and any company ignoring it as part of its marketing strategy is severely disadvantaged compared to its competitors. We at SEOGuru are committed to provide our expertise to help the clients of our partners achieve better visibility in the search engines like Google, MSN and Yahoo! and thereby help in getting more business enquiries and generating greater sales,” said Prabuddha S Raychaudhuri, CEO of SEOGuru Technologies.

SEOGuru invites you to join its partnership program to grow together and help others grow their business too.
